Personal Information Protection Policy

Arithmer Inc. ("the Company") recognizes that in the course of its business of researching and developing AI technology and related solutions, the protection of personal information entrusted to the Company by its customers and employees is an important social responsibility, and the Company is committed to implementing, maintaining, and continually improving the following policies.

1. Basic Policy

1) The Company shall establish a secretariat to establish and operate a Personal Information Protection Management System (hereinafter referred to as "PMS") and continuously improve the PMS.

2) The Company will acquire, use and provide appropriate personal information to individuals, outsourced and contracted services and employees only to the extent necessary for the performance of the Company's business. In addition, the Company will not use personal information beyond the extent necessary to achieve the specified purpose of use (use for purposes other than the intended purpose), and the Company will take measures to achieve this.

3) The Company will comply with laws, national guidelines and other standards related to PMS, as well as the terms of our contracts with our customers.

4) The Company will make every effort to prevent and correct unauthorized access to, leakage, loss, damage, loss or alteration of personal information.

5) The Company will respond appropriately and promptly to complaints and consultations regarding personal information.

6) When outsourcing the handling of personal information, the Company will select and supervise a business operator with a well-developed management system.

7) The Company will take appropriate control measures when handling personal information in the cloud.

8) The Company will plan information security training for the PMS and provide appropriate training to its employees on a regular basis.

Date of establishment: September 02, 2019

Final correction date: October 24, 2023

Founder and CEO Yoshihiro Ohta
